

Anita Polin has worked in the beauty industry for over 40 years. Education is her passion, and she has been teaching for 17 years. Anita presently travels to salons in New York, Pennsylvania, and Virginia teaching stylists about color and hair products. She finds that helping others succeed in the industry she loves is very rewarding. Her love for wigs and hair additions began when she worked for Disney World. Seeing how people change when they put something on that makes them feel beautiful started Anita thinking. She went on to take advanced training in wig work for men and women. She says, "In this industry, we change lives. I am just as excited today as I was when I first started my career. I'm always learning, sharing my knowledge, and helping people feel amazing!"

## Do You Have the Hair You Really Want?

The holidays are here, and we always want to look our best—not just for our holiday get-togethers but every day.

For special occasions, we make an appointment to get our hair styled, and it looks great for that day. But then we do it ourselves after that, and our hair just doesn't look the same.

It's time to ask a professional what can be done to make your hair look fuller and easier to maintain—so you can look even younger. At Salon 360, we offer free consultations to help you decide the best plan of action to give you the look you desire.

We decide together your cut, color,

product choice, and even the option of a hair enhancement. I know your first thought: "Does it look fake?" When the proper color, style, and thickness is chosen, it will look as natural as your own hair.

At Salon 360, we specialize in all forms of color, cutting, formal finish, and our

new straightening system called "Magic Sleek". We offer full service in nails, skin care, and makeup.

Decide today to call for a free consultation. We want to help you look your best for the holidays and give you the hair you really want.
